DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-10, are drawn to a vehicle chassis and a vehicle sub-assembly, classified in class 280, subclass 830.
 - II. Claims 11-13, are drawn to a method of mounting a module across a pair of frame rails of a motor vehicle, classified in class 280, subclass 783.
2. The inventions are distinct, each from the other because of the following reasons:
3. Inventions I and II are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case, the product as claimed in claims 1-10 can be made by mounting a pair of brackets to a plurality of mounting tabs which in turn mounting to the carrier of the module, and then mounting the pair of brackets to the side rails.
4. During a telephone conversation with Mr. Calfa, Jeffrey on January 30, 2006 a provisional election was made without traverse to prosecute the invention of Group II, claims 11-13. Claims 1-10 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Calfa, Jeffrey on January 30, 2006.

The application has been amended as follows:

Claims 1-10 were canceled.

Allowable Subject Matter

6. Claims 11-13 are allowed.

7. The following is an examiner's statement of reasons for allowance:

The prior art reference either alone or in combination fails to disclose, teach or suggest a method of mounting a module across a pair of frame rails of a motor vehicle chassis, the method particularly comprising the steps of: mounting a pair of side rail brackets to the frame rails, wherein, each of the side rail brackets having a horizontal back edge extending above a top face of its respective frame rail, four mounting tabs extending downwardly from the module and resting the module on the horizontal back edge of the side rail bracket. The steps in combination with other steps and structure as recited in the claims define over prior art of record.

Art Unit: 3616

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Toan C. To whose telephone number is (571) 272-6677. The examiner can normally be reached on Mon-Fri (8:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Paul Dickson can be reached on (571) 272-6669. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
